

1. Online Food Delivery App – Mobile UI Design

Scenario:

A food delivery company wants a mobile application through which customers can browse restaurants, search for food, add items to a cart, and place orders.

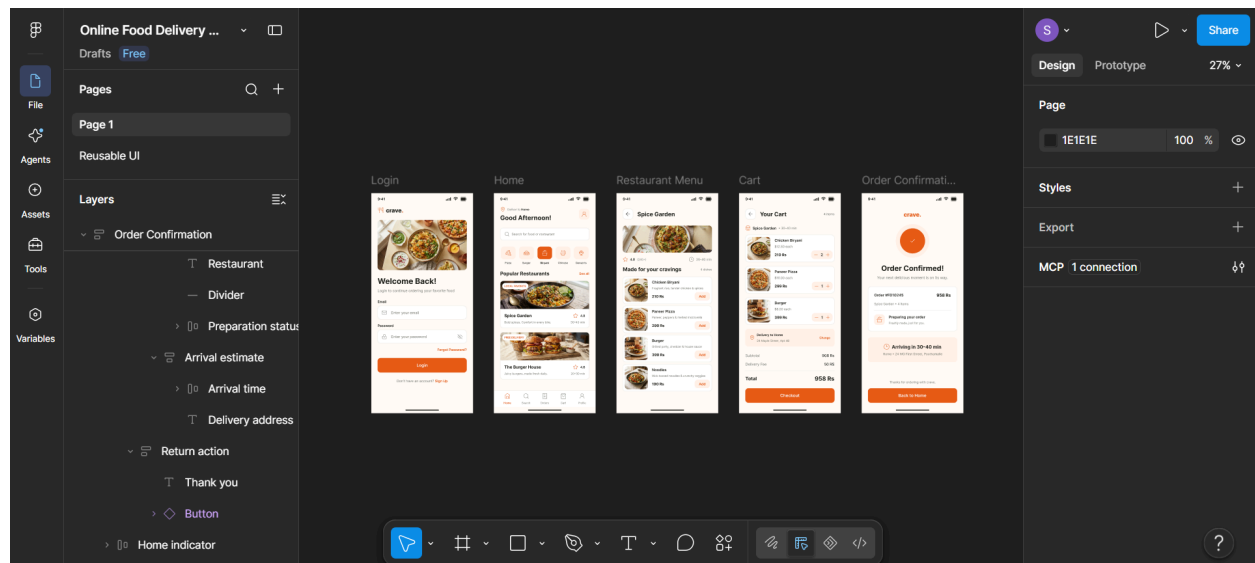

Question:

Using Figma, design a mobile food delivery application with the following screens:

1. Login Screen – Email, password, Login button, and Forgot Password option.
2. Home Screen – Search bar, food categories, restaurant cards, and navigation bar.
3. Restaurant Menu Screen – Restaurant name, food items, prices, images, and Add button.
4. Cart Screen – Selected items, quantity, total amount, and Checkout button.
5. Order Confirmation Screen – Order number, total amount, delivery status, and estimated delivery time.

Figma requirements: Use Frames, Auto Layout, Components, icons, and Prototype interactions to connect the screens.
